Dear Sirs, I am searching for a copy of EPA operating permit for Belle Fourche, SD. wastewater treatment plant (sewer lagoons) that was issued by EPA agency when the initial 2 cell lagoon phase of the plant began its first years of operation between 1959 and 1980. It is my understanding that the SD DENR agency began issue of permits since 1982 when two more lagoon cells were added and the jurisdiction for permitting was taken over from EPA and is now regulated by the State of South Dakota Dept of Natural Resources (DENR). Please put me in contact with the persons who may have this archived information or please send a copy of the permit. Thank you for your research.

I would like to submit a drinking water quality data request for the state of Wyoming for the following data from January 1st, 2014 until present: All detections and non-detections for VOCs, SOCs, pesticides and metals in each water system, SDWIS ID number for each detection, concentration of contaminant, units, date of sample collected, and well-name and/or location. I would also like to request a list of all PWS that have treatment installed (such as granulated activated carbon [GAC]), which include the PWSID, public water system name, and treatment type. Ideally, this information would be in a MS Excel or MS Access format. If possible, I hope to obtain an electronic copy of the data via zip file or a CD/DVD. If you could respond with a cost estimate in order to fulfill this request, that would be much appreciated.

<p>I would like records of communications between EPA officials and anyone in Encana Oil and Gas (USA) and the Wyoming Governor's Office, Wyoming Department of Environmental Quality and Wyoming Oil and Gas Conservation Commission regarding the decision, announced June 20, 2013, for EPA to cease its investigation into groundwater near Pavillion, Wyo. for the State of Wyoming to lead that investigation. Records of communications could be emails, letters, notes from meetings between EPA officials and those of the other entities, notes from phone conversations, etc. I would like records of such communications from or to anyone working for EPA who was involved I the study or who was involved in the decision for EPA to stop its study and let Wyoming take it over. Those people might include, EPA Acting Administrator Bob Perciasep, EPA regional administrator Jim Martin, Site Assessment Manager for EPA Region 8 Robert Parker, Martin Hestmark, Greg Oberley, and Ayn Schmit. It is easiest for me if you make the records available online in a digital format, either through email or posting them to a website I can access. Thank you</p>

Hello, This is a request, under the Freedom of Information Act, for documents relating to a draft report titled "Investigation of Ground Water Contamination near Pavillion, Wyoming." The report was published in Dec. 2011 by the EPA. I request a copy of all internal communications within the EPA, including letters, emails, and other written correspondence that discuss the report and the state of Wyoming's takeover of the investigation in Pavillion. Please include communications between EPA staff, consultants, laboratories, and other EPA entities when appropriate. This request is in addition to a previous request: EPA-R8-2013-007964. I am a journalist and am making this request on behalf of Wyoming Public Media. This request is made as part of news gathering and not for commercial use. I ask for a waiver of all fees applicable to this request and because Wyoming Public Media is primarily engaged in disseminating information, I ask that this request receive expedited processing. Furthermore, in the event that this records request is denied in whole or in part, please justify all deletions by reference to specific exemptions of the FOIA. Please note that we expect you to release all segregable portions of otherwise exempt material, and we reserve the right to appeal your decision to withhold any of the information we have requested pursuant to paragraph 6 CFR § 5.9(a). I request that the information I seek be provided in electronic format. If you have any questions, please do not hesitate to contact me. Thank you for your time and consideration. Sincerely, Irina Zhorov

--------------------------	--------------------	---------	-----------------	------------	------------	------------	--------------------------	--

To Whom It May Concern: We hereby request all records, related to the recent decision for the State of Wyoming to assume the primary role in the ongoing investigations regarding hydraulic fracturing fluids (their use and potential contamination of water supplies) in the Pavillion, Wyoming area, with the State of Wyoming assuming the primary role from the EPA which had previously been the principal investigator. The term "records" is used to mean anything denoted by the use of that word or its singular form in the text of FOIA, including correspondence, minutes of meetings, memoranda, notes, emails, notices, facsimiles, charts, tables, presentations, orders, filings, and other writings (handwritten, typed, electronic, or otherwise produced, reproduced, or stored). We also request all records in EPA's possession that relate to discussions between the EPA, the State of Wyoming, and Encana Oil and Gas (USA) Inc. that relate to the State's assumption of the primary jurisdiction role for research regarding hydraulic fracturing fluids used in the Pavillion, Wyoming area. We also request all records related to internal communications between EPA staff that relate to this decision. This request relates to records held by EPA Region 8 as well as records in the possession of the the offices of EPA Headquarters. Sincerely, Amber Wilson Wyoming

access to and copies of all communications, including letters, email, other electronic correspondence and other material, since Jan. 1, 2012 including those between EPA staff, between the EPA and Wyoming officials, and between the EPA and all third parties concerning the investigation into groundwater pollution concerns in Pavillion, Wyo. I understand it is common practice for the end date for such requests to be the date the FOIA is received by the agency. If it is possible for the request to include communications beyond this date, I would request it, and I appreciate your consideration. This request modifies, clarifies and updates my previous request. It broadens the scope from communication about the change in the public comment period to the broader topic and moves the date forward in time. In the interest of expedience, the language of my request tracks closely with that of another FOIA on the topic of the Pavillion investigation, EPA-R8-2013-007568.
